From the Director:

It's that time of year to renew your membership.

Together we can enjoy the fellowship and friendship this HOG Chapter brings us. June is the start of a new HOG Chapter year, with many positions changing. Good luck to all members agreeing to take a position on the board. I would like to personally thank everyone for all of their support during my time as Director.

May is Women's Riders Month. Also I would like to wish all HOG Mothers a very Happy Mother's Day.

**Ride Safely,
Mike**

Rubber Necking

Ever sit on a bike in scorching sun, or with raining pouring down your neck? After several miles of this you come up on a fender bender, but both vehicles are off the road, all lanes are clear, yet the traffic keeps backing up for miles. Why? Take a good look at the drivers ahead of you, they stop to see how much damage is done to the wrecked vehicles, or drive by real slow looking back to see the wrecks, with their heads turned looking back. They are rubber necking, not only does it distract and hold them back, but they also cost you valuable time. That's what Rubberneckers do.

I've caught myself rubber necking, I use to be in my study preparing a sermon, lay my Bible down, open the door, sit and stare at Old Pumpkin romanticizing much of the good times I had on it. After getting killed and brought back to life on it. I learned not to allow rubber necking in the pass to distract me from God and His work.

When Mary came to the tomb of Jesus she was so wrapped up with what had happened to Jesus she didn't even recognize Him. She was rubber necking, He had to call her by name in order to get this rubbernecker off the problem and on the resolution to the problem, Christ.

I knew a Preacher that was flying to California to meet us for a staff, meeting. She had head phones on listening to music (rubber necking) and missed her flight call in Dallas Airport. Do you (rubber neck) get caught up in the chrome, speed, power and miss God's call in your life?

See you in the wind.
