### From the Director:

I'd like to wish all HOG members a Happy Labor Day!

We have a busy month ahead of us with prep for the Kennedy Toy Run in November and our Dice Run in conjunction with the Dealership Open House on September 30<sup>th</sup>. We need volunteers for both events. See any of the HOG board members if you can help out!

We can also use ideas for rides & people to lead them.

## The Chaplain's Corner

Lewisburg, WV

My GPS re-routed us at Hillsboro North Carolina from the interstate up thru scenic Highways to Danville Virginia. From there it was back mountains winding roads to Lewisburg West Virginia. The last fifty miles was through a down pouring rain, Linda and I were completely worn out when we arrive at the motel.

Tuesday morning I spent the better part of an hour cleaning Old Pumping up. I had a double complementally Breakfast and checked out some backcountry roads. I really enjoyed Stone River road. There was one curve right after another, this road gets rough the last two miles. I saw a small log cabin on twelve-foot pilings, it reminded me of the ones posted on Face Book stating would you live here?

Wednesday while having breakfast, we were told to check out Kate's Mountain. Man you talk about a High Roller country setting for Weddings and other events, setting right on top of a mountain it is. How do they say been there, got the shirt, time to ride.

We then toured Organ Cave that date back, there was a place to live while making ammunication for war, I suppose. Years ago the held worship services down there. We made it about half through and decided to turn back because of the long climb back up.

We attended Christian Motorcyclist Association National East Rally at West Virginia State Fair Grounds. They had a great Speaker. we met friends we hadn't seen in years. Several that allowed us to stay with them while traveling back and forward across country. Over all it was a great trip. See you in the wind.
